## **Tournament Descriptions (Board Info)**

**Team Scramble**: 4 person teams with each player hitting a first tee shot and best tee shot chosen to be spot used by all players for their second shots. Players place their own golf ball within one club length of selected ball except on green. Continue shots and putts by selecting best result of four players until ball in hole. Record final score for each hole. Designated team captain assists in “best of” selections and scorekeeping. Might include using each player’s drive minimum number times for designated tee shot.

**Member-Member (Chapman/Pinehurst)**: 2 person team format requires each player to tee off, and then walk to and play their partner’s ball. After playing both second shots, they choose the best shot of the two, pick up ball not chosen, and that player hits her partner’s chosen ball still on the ground for team’s third shot. They alternate shots until ball is holed, record their strokes and move to next hole. Both tee off, hit their partner’s tee on the ground, and follow format. Team handicaps are adjusted and applied after round completed.

**Cha-Cha-Cha**: On the first hole (Cha) the lowest net score among the 4 person team is the team score; second hole (Cha-Cha) the two low net balls combined to count as team score; third hole (Cha-Cha-Cha) the three low net balls combined to count as team score.

**Team Best Ball**: Teams of A, B, C & D players. Each team member plays their own ball on each hole; record two lowest net scores of the four and combine for team score for that hole.

**Four (4) Club Challenge**: Before play begins only 4 clubs allowed in bag. If you choose a putter, it is one of the 4 clubs. Stroke play.

**Club Championship**: Tee times determined by handicap. Stroke Play.

**Freaky Fairways & Fang-Tastic Putts Halloween Tournament**: For each hole and player on your team: Drive the Fairway = 5 points; Par 3s: on in 1 or 2 shots = 5 points. SUBTRACT 1 point FOR EACH PUTT for hole total.
